**Exhibit 99.1**

Amplify Snack Brands, Inc. Reports Fourth Quarter and Full Year 2016 Financial Results

*Fourth Quarter Net Sales of \$88.6 Million  
Company Provides Full Year Fiscal 2017 Outlook*

Austin, Texas – March 8, 2017 – Amplify Snack Brands, Inc. (“Amplify” or the “Company”) (NYSE:BETR), a leading marketer and manufacturer of branded better-for-you snack food products, today reported financial results for the three months and year ended December 31, 2016.

### **Three Months Ended December 31, 2016 Highlights**

- Net sales were \$88.6 million, up 91.1% year-over-year
- Gross profit was \$36.8 million, representing 41.5% of net sales
- GAAP net income was \$8.5 million, or \$0.11 per fully diluted share
- Non-GAAP adjusted net income was \$6.6 million, or \$0.09 per fully diluted share
- Adjusted EBITDA was \$23.5 million, representing 26.6% of net sales

### **Full Year Ended December 31, 2016 Highlights**

- Net sales were \$270.8 million, up 47.2% year-over-year
- Gross profit was \$130.1 million, representing 48.0% of net sales
- GAAP net income was \$27.3 million, or \$0.36 per fully diluted share
- Non-GAAP adjusted net income was \$37.0 million, or \$0.49 per fully diluted share
- Adjusted EBITDA was \$84.9 million, representing 31.4% of net sales

“2016 was a year of transformation for Amplify. We strategically expanded and diversified our better-for-you product offering and began to make key leadership team additions to further strengthen our execution to deliver the growth we know our company is capable of achieving over the next several years,” said Tom Ennis, Amplify’s President and Chief Executive Officer. “Our fourth quarter financial performance reflects the strong momentum for our SkinnyPop, Paqui and Oatmega brands, and the addition of Tyrrells. We continued to generate best-in-class velocities while simultaneously increasing our points of distribution and gaining market share across a wide range of sales channels. Looking ahead, we have a robust innovation pipeline and remain very excited about our acquisition of Tyrrells as we begin to leverage our cross selling opportunities during 2017.”

### **Three Months Ended December 31, 2016**

Net sales increased 91.1% to \$88.6 million compared to \$46.4 million for the three months ended December 31, 2015. The increase in net sales reflects a full quarter contribution from both Tyrrells’ international portfolio of brands as well as Oatmega, continued solid growth of the SkinnyPop brand and new distribution and increased velocities of the Paqui brand. Foreign currency exchange had an immaterial impact on the Company’s operating results for the three months ended December 31, 2016.

Gross profit was \$36.8 million, or 41.5% of net sales, compared to \$26.2 million, or 56.5% of net sales for the three months ended December 31, 2016. The decrease in gross margin percentage for the three months ended December 31, 2016 was primarily due to the acquisition of Tyrrells.

GAAP SG&A was \$20.0 million compared to \$13.9 million for the three months ended December 31, 2015. GAAP net income was \$8.5 million, or \$0.11 per fully diluted share, compared to net income of \$4.4 million, or \$0.06 per fully diluted share, for the three months ended December 31, 2015. Adjusted net income, which is a non-GAAP financial measure used by the Company that makes certain adjustments to net income calculated under GAAP, was \$6.6 million, or \$0.09 per fully diluted share, based on 76.8 million diluted shares outstanding, compared to adjusted net income of \$9.5 million for the three months ended December 31, 2015, or \$0.13 per fully diluted share, based on 74.9 million diluted shares outstanding.

Adjusted EBITDA, which is a non-GAAP financial measure used by the Company that makes certain adjustments to net income calculated under GAAP, increased 25.6% to \$23.5 million from \$18.7 million for the three months ended December 31, 2015, primarily reflecting higher net sales and gross profit, partially offset by higher SG&A. As a percentage of net sales, Adjusted EBITDA was 26.6% compared to 40.4% in the three months ended December 31, 2015. The decrease in Adjusted EBITDA as a percentage of sales was primarily driven by a full quarter contribution of Tyrrells and Oatmega and strategic investments in consumer marketing activities to drive brand awareness and trial, as well as investment in infrastructure and personnel.

### **Year Ended December 31, 2016**

Net sales for the year ended December 31, 2016 increased 47.2% to \$270.8 million, compared to \$183.9 million for the year ended December 31, 2015. The increase in net sales reflects continued strong growth of the SkinnyPop brand, the addition of the Tyrrells international portfolio of brands and Oatmega which the Company acquired in 2016, and new distribution and increased velocities of the Paqui brand.

GAAP net income increased \$17.4 million to \$27.3 million, or \$0.36 per fully diluted share, compared to net income of \$9.9 million, or \$0.13 per fully diluted share, for the year ended December 31, 2015. Adjusted net income, which is a non-GAAP financial measure used by the Company that makes certain adjustments to net income calculated under GAAP, was \$37.0 million, or \$0.49 per fully diluted share, based on 75.6 million diluted shares outstanding, compared to adjusted net income of \$37.6 million for the year ended December 31, 2015, or \$0.50 per fully diluted share, based on 74.7 million diluted shares outstanding.

Adjusted EBITDA, a non-GAAP financial measure, increased 13.4% to \$84.9 million from \$74.9 million for the year ended December 31, 2015. Adjusted EBITDA as a percentage of net sales for the year ended December 31, 2016 was 31.4%, compared to 40.7% for the year ended December 31, 2015.

### ***Segment Review***

As a result of the Tyrrells acquisition, the Company has created two reportable segments to align its external financial reporting with its operating and internal financial model. The two reportable segments include (i) North America and (ii) International.

#### ***North America:***

For the year ended December 31, 2016, North America segment net sales and operating income were \$229.7 million and \$82.3 million, respectively. This compares with North America segment net sales and operating income of \$183.9 million and \$76.5 million, respectively for the year ended December 31, 2015.

### **International:**

For the year ended December 31, 2016, International segment net sales and operating income were \$41.1 million and \$2.8 million, respectively.

### **Balance Sheet and Cash Flow**

As of December 31, 2016, the Company had cash and cash equivalents of \$10.3 million and net availability under its \$50.0 million revolving line of credit of \$40.1 million. Net debt, as defined under the Company's credit facility, represents outstanding indebtedness less cash and cash equivalents, was \$604.6 million as of December 31, 2016, compared to \$182.5 million as of December 31, 2015. The increase was primarily attributable to the acquisition of the Tyrrells portfolio of international brands during the year ended December 31, 2016. Amplify's leverage ratio as calculated under the Company's credit facility increased to 5.9x trailing twelve month EBITDA at December 31, 2016. The Company remains committed to reducing its long-term net leverage to under 4.5x.

### **Outlook**

For the full year 2017 the Company expects to report:

- Net sales of \$404 million to \$420 million
- Adjusted EBITDA of \$103 million to \$111 million
- Adjusted EPS of \$0.43 to \$0.51
- Effective non-GAAP tax rate of 34% to 36%
- Cash and non-cash interest expense of approximately \$43 million to \$45 million
- Fully diluted share count of approximately 77.0 million shares
- The Company's outlook assumes an estimated foreign currency exchange rate of 1.24 USD:GBP

As a result of the timing of planned distribution and sales gains across the Company's business segments, it expects the rate of year-over-year growth for both sales and profitability to increase as the year progresses. The Company expects to generate approximately 45% of its annual 2017 net sales in the first half of 2017 and 55% in the second half of 2017 and expects to generate approximately 40% of its Adjusted EBITDA contribution in the first of 2017 and 60% in the second half of 2017, respectively.

The Company has not reconciled its expected Adjusted EBITDA to net income or Adjusted EPS to earnings per share under "Outlook" because it has not finalized calculations for several factors necessary to provide the reconciliations, including net income, interest expense and income tax expense. In addition, certain items that impact net income and other reconciling metrics are out of the Company's control and/or cannot be reasonably predicted at this time.

### **Conference Call and Webcast**

The Company will host a conference call with members of the executive management team to discuss these results today, Wednesday, March 8, 2016 at 3:30 p.m. Central time (4:30 p.m. Eastern time). Investors interested in participating in the live call can dial 877-407-9039 from the U.S. International callers can dial 201-689-8470.

In addition, the call will be broadcast live over the Internet hosted at the "Investor Relations" section of the Company's website at <http://amplifysnackbrands.com>. The webcast will be archived for 30 days. A telephone replay will be available approximately two hours after the call concludes and will be available through Wednesday, March 22, 2017, by dialing 844-512-2921 from the U.S., or 412-317-6671 from international locations, and entering confirmation code 13656196.

## **Looking Statements**

This press release contains certain forward-looking statements regarding our performance, including in the section titled “Outlook.” Forward-looking statements generally relate to future events or our future financial or operating performance. In some cases, you can identify forward-looking statements because they contain words such as “may”, “will”, “should”, “expects”, “plans”, “anticipates”, “could”, “intends”, “target”, “projects”, “contemplates”, “believes”, “estimates”, “predicts”, “potential” or “continue” or the negative of these words or other similar terms or expressions that concern our expectations, strategy, plans or intentions. Forward-looking statements are subject to known and unknown risks and uncertainties and are based on potentially inaccurate assumptions that could cause actual results to differ materially from those expected or implied by the forward-looking statements. If any such risks or uncertainties materialize or if any of the assumptions prove incorrect, our results could differ materially from the results expressed or implied by the forward-looking statements we make.

The important factors that could cause actual results to differ materially from those in any forward-looking statements include, but are not limited to, the following: (i) changes in consumer preferences and discretionary spending may have a material adverse effect on our brand loyalty, net sales, results of operations and financial condition, (ii) we rely on sales to a limited number of distributors and retailers for the substantial majority of our net sales, and the loss of one or more such distributors or retailers may harm our business, (iii) sales of a limited number of SkinnyPop products and flavors contributed all of our historical profitability and cash flow and a reduction in the sale of our SkinnyPop products would have a material adverse effect on our ability to remain profitable and achieve future growth, and (iv) our ability to successfully integrate the Tyrrells business and our other recent acquisitions with our existing operations.

Further information on these and other factors that could affect our financial results and the forward-looking statements in this press release are included in our Annual Report on Form 10-K for the year ended December 31, 2016 and our Quarterly Reports on Form 10-Q, as filed with the Securities and Exchange Commission (“SEC”) and in other filings we will make with the SEC from time to time, particularly under the caption Risk Factors.

You should not place undue reliance upon forward-looking statements as predictions of future events. Amplify has based the forward-looking statements contained in this press release on its current expectations and projections about future events and trends that it believes may affect its business, financial condition, results of operations and prospects. The forward-looking statements made in this

press release relate only to events as of the date on which the statements are made. Amplify undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by law.

### **Non-GAAP Measures**

In order to aid understanding of Amplify's business performance, it has presented results in conformity with accounting principles generally accepted in the United States ("GAAP") and has also presented Adjusted SG&A, Adjusted EBITDA and Adjusted net income and the corresponding earnings per share, which are non-GAAP measures that are explained and reconciled to the comparable GAAP measures in the tables included in this release.

Management believes that Adjusted SG&A, Adjusted EBITDA and Adjusted net income and the corresponding earnings per share, which are non-GAAP measurements, are meaningful to investors because they provide a view of the Company with respect to ongoing operating results. Adjusted EBITDA and Adjusted net income are not and should not be considered alternatives to net income or any other figure calculated in accordance with GAAP, or as an indicator of operating performance. The Company's calculation of Adjusted SG&A, Adjusted EBITDA and Adjusted net income and the corresponding earnings per share may differ from methods used by other companies. Management believes that these non-GAAP measurements are important to help gain an understanding of the Company's overall operating results in the periods presented. Such non-GAAP measurements are not recognized in accordance with GAAP and should not be viewed as an alternative to GAAP measures of performance. We have not reconciled our expected Adjusted EBITDA to net income or Adjusted EPS to earnings per share under "Outlook" because we have not finalized our calculations of several factors necessary to provide the reconciliations, including net income, interest expense and income tax expense. In addition, certain items that impact net income and other reconciling metrics are out of our control and/or cannot be reasonably predicted at this time.

<sup>(1)</sup> In the first quarter of 2016, the Company adopted Accounting Standard Update (“ASU”) No. 2015-03, which requires debt issuance costs to be presented as a reduction to the carrying value of the related debt liability, rather than as a deferred charge (asset). This presentation resulted in debt issuance costs being presented in the same manner that debt discounts have historically been presented. As a result, the Company reclassified \$2.9 million of debt issuance costs from Other assets to a deduction from the carrying value of the Senior term loan as of December 31, 2015.
